

9 Marks of A Healthy Church

New for Sunday Evenings

The Goal of this study is to point the way to a healthy church life by calling attention to the timeless biblical priorities, principles, and methods that God has ordained for the maturity of the local church-God's Work, God's Way.

Ladies class taught by Amy Owens

Pastor Chuck Owens will lead our men

Beginning **February 21 6:00PM** our *Sunday evenings will be quite different!* The setting will be informal with coffee and light snacks. The ladies will meet with Amy Owens and our men with Pastor Chuck Owens for Bible study and fellowship.

Parents: Our youth will provide childcare so you can attend every session and focus on God's Word. We will receive an offering for our youth who help with child care. This money will go toward their summer camp expenses. Please register you and your children at the table in the foyer so proper childcare can be provided.
