

Censorship & The Perfect Storm

This is a re-post of commentary blog CB1A;18

Do you know about the ways in which the “Jewish Police” went about fostering darkness during World War II ? One effort was tied to censorship.

Today, as this *perfect storm* continues to build, there are those who are seeking to censor some who are simply highlighting biblical Truths, ones which address important cultural affairs. Like the Jewish Police of old, some *Christians* are exerting pressure to do the same. “Discontinue writing as you do!” they say to those who are appealing for godly living in Christ Jesus.

Those making these God-honoring appeals also state the intent behind their actions: In God’s kind mercy and grace, we genuinely care about His children to the extent we are willing to put ourselves in harm’s way as we bring warning.

Thus, we endure in proclaiming insights from YHVH/YHWH God ...

We discern a growing number of *Christians*-by-name who (in their zealous actions against God’s New Covenant Ambassadors in Jesus Christ) speak out in opposition to God’s Word. “Christian Police” who are helping to shape and enforce the ideology of the soon-coming antichrist? Perhaps! By their fruits we shall know them.

WHY is this a valid issue to raise at this time?

IF Bible-believing heralds – especially those who accurately discern cultural movements which will further contribute to the intensity of the *Perfect Storm* (once it hits in full strength) – IF these vocal followers of Jesus Christ are silenced, some may fail to discern some of the **present** deceptions unfolding around us. As God blessed His Old Covenant people with heralds who loved enough to bring timely messages of warning, so too does He bless His Church with some who endure in speaking His Truths in love today.

So be watching for further increase of persecution* against those who love to the extent they are willing to bring explicit Bible appeals. In this context, even though the darkness will seek to make these Ambassadors of Christ seem evil, please give their messages prayerful, Berean-like consideration. Pray and ponder their appeals in light of the clear revelation God has graciously given in His precious Word.

Once again, may we continue basking in His kind Word to us, including the reading of end-time passages which speak to our – TODAY – present circumstances before Jesus Christ’s glorious initial appearing.

* Persecution is not only unfolding in the *persecuted church* areas.
Let’s endure! We encourage you to read the New Testament book of Hebrews for helpful, most pertinent-to-today Counsel.

Please share this handout with others who care about living out a *common-sense*, open-minded perspective during these deceptive days.
