Only the **BOLD** passages (3) represent tribulation from God (as opposed to tribulation from the world or from spiritual darkness).

The use of “Tribulations” in the Bible (NKJV)

Old Testament

We ask you to look up these other eight passages on your own, that is, without our help.

I Sam. 10:19

New Testament

Acts 14:22
20:23
Rom. 5:3
II Cor. 6:4
Eph. 3:13
II Thes. 1:4
Heb. 10:33

Here are some of our conclusions in light of the data above:

1. The Bible does not explicitly teach the formal “Tribulation Period” as outlined by many popular end-time charts which exist today.
2. The Bible emphasizes tribulation against the Saints (by the world and the dark spiritual entities) as opposed to a seven-year tribulation period from God.
3. Only THREE passages (above) highlight **God’s tribulation** against the world, the rest of the passages speak to the Church’s persecution by the world.
4. The Bible NEVER equates the “Tribulation Period” (as defined by some) with Daniel’s 70th Week.
