

2019 Projections

CB12D;18 – Updated October, 2019

We are the final generation before the return of Jesus Christ. In contrast to the Pre-Wrath Rapture view, we are **presentists** who believe the effects of the *time of sorrows* (which our Lord Jesus predicted in Mt. 24:4-8) continue being expressed. We also believe we have now entered the tribulation period, the one described in Mt. 24:9-14. The signs of the times are such that we need to be watching, today.

We also believe – in contrast to the perspective of the Pre-Wrath position – we have entered the *Seal season*, the era spoken of in Revelation chapter 6. It's pretty clear we have yet to experience the 3rd Seal – the collapse of the worldly monetary system(s), triggering a crisis which will make food prices escalate to the extent it will be more difficult to sufficiently feed millions, if not billions. Whether or not the 3rd Seal will take place this year (in 2019) is uncertain. We do discern, given the words of our Lord Jesus in Mt. 24:36-51, we are to be watchful in ways that include material preparedness. Food storage is an act of loving obedience given our Lord's exhortation in verses 44-47. Having material provisions during this time will allow for necessary ministry of various types. Let's seize this day. Pastors and churches, you still have time (as of the posting and 2019 reposting of this blog) to prepare and/or further prepare for this tremendous opportunity IF you act now.

Prophecies found in the book of Daniel will also be unfolding soon. In light of the Author's eternal omniscience, we, His people in Jesus Christ, need to take more seriously His Counsel concerning watchfulness, especially since He brings warning about this very thing - see Rev. 3:3.

Precursors to the revealing of the little horn could also take place at any time. Are you knowledgeable about what the Scriptures say will unfold before the antichrist sets the 70th Week of Daniel in motion through the act of the making of the covenant of Daniel 9:27? If not, please use our 2019 Bible reading schedules and our [Wave handout](#) so as to become better informed.

May our Divine Shepherd be followed. May we, His sheep, seek out His protective Counsel and do (obey!) what He's asked us to do – unto our eternal best interests and unto His glory and praise.

A note from Endurance Ministries:

THANK YOU for taking the time to read over these discipleship blogs.
We pray your personal edification will include your sharing these Bible-based *perspective appeals* with your neighbors, Family in Christ (including your pastors) and general family members.
