/alentine's Day

Valentine's Day (also known as Saint Valentine's Day) is celebrated on February 14 each year in many countries around the globe. St. Valentine's Day began as a celebration of one or more early Christian saints named Valentinus. The day was later associated with romantic love in the Middle Ages and in 18th-century England, it evolved into an occasion in which lovers expressed their love for each other by presenting flowers, offering candies, and sending Valentine cards. In 2016 over 150 million Valentine cards will be shared across the U.S.
